Rafael Alexander Galindo

Software Developer | Computer Science Graduate
alexgalindobro@gmail.com | linkedin.com/in/alexgalindo2 | github.com/ra-galindo

PROFESSIONAL SUMMARY

Software Developer and Computer Science Graduate with 1+ years of software developer work experience in full-stack development and SaaS delivery. Building upon a strong foundation in software engineering and information security established during undergraduate studies, and complementing this with hands-on production experience in .NET, Vue.js, AWS, and REST API development. Seeking a full-time software developer role across Canada.

EDUCATION

University of Calgary **Calgary, AB**
B.S. in Computer Science, Concentration in Information Security *Sep 2021 – Dec 2025*

- **GPA:** 3.63/4.00 | **Dean's List:** 2021–2022, 2023–2024, 2024–2025 | Graduated with Distinction
- **Scholarships:** Alexander Rutherford Scholarship (2021). Jason Lang Scholarship (Fall 2022, Fall 2024, Fall 2025)

EXPERIENCE

ADN Systems **Calgary, AB**
Software Developer *Jan 2026 – Present*

- Investigated and resolved bugs in the PHP/Laravel codebase, contributing to faster issue resolution and platform stability.
- Resolved 12+ issues using GitHub Issues, collaborating to validate fixes prior to releases for 3 enterprise clients.
- Validated PostgreSQL database queries and data flows across workflows to ensure accurate and reliable output.

CoreData Inc. **Calgary, AB**
Software Developer *May 2024 – Aug 2024 | May 2025 – Aug 2025*

- Shipped 50+ full-stack features for an oil and gas SaaS platform using .NET, Vue.js, and MSSQL across two summers.
- Eliminated hardcoded secret exposure by leading migration of project credentials from .env files into an Infisical vault.
- Integrated AWS cloud services into backend workflows, enabling scalable data storage across distributed services.
- Increased release stability by writing end-to-end tests in Playwright, reducing frontend regressions across releases.

Best Buy Canada **Calgary, AB**
Computing Solutions Advisor *Sep 2025 – Jan 2026*

- Consistently met sales targets advising customers on computing products through strong communication skills.

Vantage Marketing **Toronto, ON | Vancouver, BC**
Sales Representative *May 2022 – Aug 2022 | May 2023 – Aug 2023*

- Generated $75,000+ in revenue each summer through door-to-door sales, demonstrating self-discipline and resilience.

PROJECTS

Personal Portfolio Website | HTML, CSS, JavaScript | **https://ra-galindo.github.io/**

- Designed and deployed a personal portfolio website using HTML, CSS, and JavaScript to showcase projects and experience.

Network Intrusion Detection System | C++, Raspberry Pi, libpcap, Raw Sockets, TCP/IP, Linux

- Built an intrusion detection tool in C++ on a Raspberry Pi, using libpcap to flag port scans and malicious traffic.

Email Threat Detection with Machine Learning | Python, PyTorch, Hugging Face Transformers

- Developed an end-to-end NLP application that classifies emails across 8 threat categories using a fine-tuned BERT model, improving F1-score from 0.81 to 0.92 and mAP from 0.77 to 0.94 through data augmentation and class-weighted training

RouteMyDay, Optimal Route & Place Planner Application | FastAPI, Python, Vue.js, Google Maps API

- Created a full-stack app that solves Google Maps' 10-stop limit by optimizing multi-stop travel routes using Held-Karp dynamic programming and 2-opt local search algorithms.

SKILLS

Programming: PHP, C#, Java, Python, JavaScript, SQL, C++, HTML, CSS
Frameworks & Libraries: Laravel, .NET, Vue.js, PyTorch, Hugging Face, FastAPI, BERT
Tools & Platforms: Git, Jira, AWS, Microsoft SQL Server, PostgreSQL, Playwright
Concepts: REST API development, CI/CD, unit testing, agile methodologies, DevOps collaboration, SQL schema design
